

N.Z. SPORTING CLAY NATIONALS and GRAND PRIX

Greetings and Welcome all Shooters,

This year's Nationals and Grand Prix is being held in the beautiful and rugged surrounds of Northburn Station, 4 kilometres North of Cromwell on the Cromwell-Tarras Highway. Northburn is a working sheep station, vineyard and restaurant therefore there are some small but extremely important rules that we must all follow:

- * No smoking 'whatsoever' on the shooting range.
- * No shooting vests, guns, boots in the restaurant please.
- * The Station will be working during the shoot, and may require your patience if stock or staff is moving thru the area.

This years event will be a little different to past shoots, in the nature of the Southern Lakes area being the adventure capital of New Zealand, we want you to enjoy the region

with its world famous restaurants, vineyards, fishing, boating, sightseeing, cruises on the lake, we will guarantee something for everyone. We want you to make this an experience, not just a shoot.

For Nationals the plan is to shoot your 100 targets in one visit. You will be shooting 'old style' FITASC style layouts and should carry enough ammunition for your 4 rounds.

There will be shelter and light refreshments, water (gold coin donation) located at each area. You will be able to leave extra ammo and gear at that site. Once shooting starts you will not be able to come back down to base or the Carpark!

There will be transport to the shooting areas, and it will leaving 20 minutes before your shooting start time. No leniency will be given, and squad Ref's will be instructed to start on time with or without you. There will be no time to reshoot your targets later, and they will be scored LOST! Squads may start early if all are present and ready to commence. Please shoot stands in correct sequence, 1 to 4.

This system will allow you to shoot, and then enjoy your leisure time in the greater area; the practice field will be open every day and is under the control of Ian Swale and David Reid.

The Grand Prix will be back to normal rotations and waves as we are all used to, shooting 75, 75, 50 targets per day.

Please note there are different squads for each event.

The referee's have been picked for their experience, so PLEASE no "unsportsperson" like behavior, it will not be tolerated. Referee's are responsible for picking up and returning score sheets to the office.

The North/South tournament will be shot on Saturday (18th.) afternoon at the conclusion of the last wave and will be shot on the 'practice' field just above the shoot base. Shoot offs will be held as soon as practically possible after shooting finishes, again on the 'practice field'. HOA 1st - 3rd will be decided by shooting a full 25 target round. Places below 3rd will be decided with a count back. Shooter numbers are the same for both events.

No Camo gear.

All prizegivings will be conducted at the restaurant situated below the car park to your right. Light refreshment will be served courtesy of sponsors Ian Swale and Phil Brown. We will endeavor to have everyone off the Station by 7:00 PM.

Every shooter entering both events will receive 4 "Northburn dollars" (1 event-- 2 vouchers) worth \$10 each, these may be redeemed at the shoot venue (lunch), restaurant or combined together to buy wine.

No EFTPOS will be available at the office. Cash and Cheques will be accepted

Shooters and partners are more than welcome to use the restaurant at their leisure, but it will also be open to the public.

Falcon/Fiocchi ammunition will be on sale at the shoot. Target Products are backing this shoot with 30+ traps, cash and staff, and without this input the South Island Sorting Clay shooters would probably not be able to run this shoot. We are therefore stocking his ammunition exclusively.

S.I.S.C.S. Shoot Committee.
